

CP PLUS Cutting-edge Security Solutions Draw Attention of Many at IFSEC India 2019

CP PLUS showcased its state-of-the-art surveillance solutions at the 13th edition of International Fire & Security Exhibition and Conference (IFSEC) India, during 19-21 December 2019 at India Expo Mart, Greater Noida. The show has been crucial for the global security market and it offers an important platform to launch technological innovations in the security domain.

As a Premier Plus Partner of IFSEC India 2019, CP PLUS set a gigantic booth at the expo that attracted many integrators and end-users seeking latest surveillance technologies and security solutions. It presented end-to-end surveillance solutions to cater to the growing needs for security. During the event, CP PLUS exhibited its world-class technologies to system integrators, installers, distributors, and consultants among others.

“IFSEC India has been a leading security event giving access to the security market. We have been associated with the security & safety event for over a decade and presenting up-to-date surveillance technologies and solutions to visitors from many different sectors. Our leading product portfolio including Intelligent IP Video Surveillance, Retail Solution, Traffic Management and AI Solution has been appreciated a lot by the users,” said Yogesh B Dutta, COO, CP PLUS. “Essential for both the growing end-users and channel partners, IFSEC India provides a great platform to showcase products & innovations, conduct business and make partnerships,” he further added.

CP PLUS focused on critical concepts such as Safe Cities, Security of Organizations, Artificial Intelligence & IOT, Law Enforcement Solution, and Smart Homes through its wide range of security products and solutions. Its well-designed exhibit at the event unveiled Intelligent Building Solution, 360-degree Panoramic Solution, Integrated Systems, Attendance Management Solution, Infra Security Solution, and many more.

Some of the key products shown at the event includes 12MP Panoramic Network IR Fisheye Camera, 9MP Deep Sense Traffic Camera, 2.4MP Guard+ Active Deterrence Dome Camera, 2.4MP Analog HD Dome Camera, 2 MP Wi-Fi PT Camera, 8MP Ultra HD WDR IR Network Bullet Camera, 3x2MP Multi-Sensor Panoramic Network IR Bullet Camera, Fingerprint Access Control with EM Card, Smart Watch with Camera, 16 Ch AI Network Video Recorder, 16 Ch. 4K H.265 Cosmic HD DVR, among others.

The company's wide-ranging solutions are suited for government, education, defence, hospitality, retail, commercial, residential, and other verticals. CP PLUS, being India's leading security and surveillance brand, has been meeting the new-age challenges with its robust, reliable and scalable solutions.
